Single Premium Whole Life Insurance

Legacy Estate Maximizer *– Last Survivor*

A Family Wealth Protector and Asset Builder

This policy insures two people on a second-to-die single premium whole life plan with guaranteed cash values and guaranteed death benefits on the last survivor's death. It insures two people and may provide a larger death benefit than a separate plan would on the same two lives, assuming the premium paid is the same. It also provides an advantage when one insured would normally be uninsurable.

The *Last Survivor* policy also has many of the advantages of the standard *Legacy Estate Maximizer*. This plan offers either a level or increasing death benefit option that provides heirs with tax-exempt funds and avoids probate fees — after the second death.

It also allows access to cash values for emergency funds during the lifetime of the insured(s).

Please review contract for specific information and limitations. See product guide for underwriting guidelines and rate calculations.
