

# Protector Simplified Issue Whole Life Insurance

## Flexible, Simple and Guaranteed

### Flexible

If you are between the ages of 40 and 85 you can choose the face amount. It may be as low as \$3,000 or as high as \$50,000. You also select the method of payment. Coverage may be purchased using a single premium or premium payments made monthly by automatic bank draft, quarterly, semi-annually or annually over five years, 10 years or a lifetime.

### Simple

The application has only a few health questions and if you can truthfully answer each question with a “no” and you fit the height and weight chart, a policy will be issued to you upon payment of the initial premium. There are no medical exams, no doctors, and no blood tests. In addition, if you have not smoked cigarettes in the last twelve months, you may also qualify for lower rates.

### Guaranteed

The Lafayette Life Insurance Company will pay the face amount (less any policy loans) to the beneficiary at the death of the insured. Your premium will not go up and your coverage will not be decreased. As long as the selected premium is paid, your coverage cannot be canceled.

The death of a loved one may leave a family with unexpected expenses:

- Medical Bills
- Funeral Expenses
- Probate and Legal Fees
- Mortgage or other Unpaid Bills

Help protect your family from the burden of unexpected expenses with Protector Life Insurance products offered by The Lafayette Life Insurance Company.
